

Lt. Governor Potter Visits STJ Clinic

Â

Lieutenant Governor Osbert E. Potter visited the ISLAND HEALTH AND WELLNESS CENTER in St. John on May 3, 2018, which re-opened at a new location after Hurricane Irma.

Island Health and Wellness Center is a 501(c)3 non-profit primary care practice located at Greenleaf Commons, St. John.Â They provide quality, compassionate and affordable healthcare to adults, children and families of all ages and genders in need of primary, preventive and educational medical services.

Lieutenant Governor Potter was extremely impressed with the facility and the level of care extended to their patients. He encouraged St. John residents to visit the health center and to take advantage of the opportunity to being on the road to wellness.
